Dear Parents and Carers,
Wraparound Childcare Survey – September 2023

We recently sent a survey to parents and carers to explore the possibility of providing some before and after school wraparound childcare for our children and families. We received 27 responses to this survey – detailed below:

- 3 responses indicated that they would use before school childcare.
- 10 responses indicated that they would use after school childcare.
- 14 responses indicated that they had no requirement for before or after school childcare.

As explained in the survey, school would be able to explore the possibility of providing childcare support if it was financially viable. This would require a commitment of **at least 12 children** attending daily. As you can see from the survey results, this threshold has not been met which means that providing this service is not something we are able to do at this time. We will look to survey families again in the future if such a need is indicated by our families.

Yours sincerely

Mrs L Towle
