Dear parent/carer

Tettenhall Wood School is a school for autistic children and young adults based in Wolverhampton and we wanted to share our amazing news with other schools within our city.

In May 2021 we started the TWS Sports Podcast which is hosted by some of our students. We set up the podcast up with the intention of teaching our students key skills such as communication and social skills, increasing their confidence and so much more. We also wanted to promote the amazing things autistic individuals can achieve and be positive advocates for autism within our local and wider community.

Each week we interview famous sportsmen and women and talk to them about their career. We have had some amazing guests on the podcast such as Sir Clive Woodward, Nasser Hussain, Joe Hart, Matt Le Tissier, Marnus Labuschagne, Will Greenwood and coming soon we will be chatting with TV presenter and autism advocate Paddy McGuinness.

Our podcast has become one of the top 3% most listened to podcast around the world, an incredible achievement. We have also been shortlisted for a GLOBAL Sports Podcast Award and we are up against some amazing podcasts from around the world. We would really appreciate it if you could take 2 minutes to vote for us. If you scan the QR Code at the bottom of the page, it will take you to a website with a range of options.
