Dear Parents and Carers,

Multiply – FREE Learning opportunity for parents and carers

We have been asked by Access2Business (www.access2business.co.uk) if we would like to host some maths workshops for parents and carers of children at Merridale. If you are interested in this FREE learning opportunity, please complete the form using the link below (no later than Friday 2nd February) and we will send further information. Please note that we need at least 8 adults to sign up in order to run the course.

Link to form to register your interest (if we receive 8 or more responses, we will be in touch with further details):

<https://forms.office.com/e/SVv8UynKCQ>

Some details about the course (also see flyer on the next page):

If the thought of helping your child with their Maths makes you anxious, take the first steps in becoming number confident with our Multiply sessions. As a new government-funded initiative, Multiply, has been developed to help adults aged 19+ to improve their numeracy ability and are completely free to anyone wishing to join. Multiply is a fun and interactive way to tackle the daunting thoughts of Maths.

Through Multiply we want to boost people's confidence and ability to use maths and numbers effectively in daily life, at home and work. This includes giving parents skills to help them support their family with Maths homework.

The sessions will cover current Maths topics for this term so that you will be able to feel more confident to give your child the support and encouragement with their learning.

Yours sincerely

Mrs L Towle
Headteacher
